

Xda® Stellar

The first Xda device with inbuilt GPS and a full QWERTY keyboard

This high capacity all-in-one solution is the ideal business device for customers requiring the full functionality of a mobile phone and PDA and with the added benefit of in-built GPS.

A bit more detail...

- Windows Mobile® 6.1 Professional to view, edit and send Microsoft® Word and Excel® documents. Includes a Powerpoint® viewer to look at presentations
- Microsoft® direct push email capability – allowing customers to send and receive emails and synchronise over the air with their desktop
- Supports both BlackBerry® Internet Solution and BlackBerry® Enterprise Solution. Using the latest BlackBerry® Connect™ v4.0 software the Xda Stellar supports BlackBerry web browsing and key enterprise administrative policies. This lets you benefit from proven BlackBerry technology while maintaining your preferred device experience and functionality
- High speed browsing with 3G, Quad band and WLAN – stay in touch wherever you are¹
- In-built GPS offering CoPilot 7 Sat Nav bundle as an optional accessory
- Tilting colour screen for the perfect reading angle
- Sliding QWERTY keyboard for speedy texts, emails and data entry
- This high capacity device offers up to 32GB expandable memory via a micro SD.

A few reasons to have a Xda Stellar

- Productivity on the move – make calls, keep track of meetings and events, take pictures and view video clips from one lightweight device
- Supports video calling and has a 2nd front facing camera
- Small and stylish – looks great without compromising functionality
- Superb quality 3 mega pixel camera
- Send and receive emails quickly and easily with set up wizards
- Includes Bluetooth that is compatible with wireless car kits and headsets – listen to your favourite MP3 tracks
- Full range of accessories available, including, Sat Nav, adaptors, Bluetooth headsets, Stereo PHF headset, In car charger and SD memory cards.

¹Subject to network coverage and your company's IT infrastructure, permissions and policies.

³Subject to network availability.

©2008 Microsoft® Corporation. All rights reserved. Microsoft, Excel®, PowerPoint® and Windows Mobile® are either registered trademarks or trademarks of Microsoft Corporation in the United States and/or other countries.

Available programs, features, and functionality vary by device, Windows Mobile® operating system version, and Exchange Server version used. Connectivity and synchronization may require separately purchased equipment and/or wireless products (e.g., WiFi card, network software, server hardware, and/or redirector software). Service plans are required for Internet, WiFi and phone access. Features and performance may vary by service provider and are subject to network limitations. See device manufacturer, service provider and/or corporate IT department for details.

Direct Push Technology requires either Windows Mobile® 5.0 with the Messaging and Security Feature Pack (MSFP) or Windows Mobile 6, connected with either Exchange Server 2003 Service Pack 2 or Exchange Server 2007.
